

# Reward 3

## the undys finger puppets

Yes! You have made it. It is time for another End of Chapter Reward – your third for this book.

This one is a fun cut-out activity, as well as something you can play with afterwards. It is your own set of Undys finger puppets! I know that is something you have always wanted.

Here is what to do:

- 1) cut out the five shapes on the next few pages  
(or go to my friend Michael Wagner's website at [www.michaelwagner.com.au](http://www.michaelwagner.com.au) and print them out from there)
- 2) fold them around your fingers
- 3) sticky-tape the flaps together at the back.

After that you will have five amazing Undys finger puppets – one for each finger! Maybe put Oscar on your thumb, because he is the strongest.
