Reward 4

picture puzzle

I cannot believe it! You have made it. You have reached the end of my book. You are a reading mega-star. Maybe you are the fastest reader in the world. Or at least the seventh fastest. Which is still excellent!

On the next page is your final reward. It is a picture puzzle. There are ten drawings from this book. They are not in the order that they were in the story. What you have to do is work out their proper order and then put their order numbers below them. Good luck!
